# Our Vision

- ◆ Being admired for our business values and ethics.
- ◆ Keeping our name synonymous with reliability, customer satisfaction and innovation.
- ◆ Being the "Preferred choice" both for customers, suppliers and employees

# Our Mission

- ◆ Prevent customer needs at utmost level by providing them flexibility in sourcing competitive prices, on-time deliveries and customized solutions for unique needs
- ◆ Achieving profitable growth, operational and organizational excellence without compromising from our values and business ethics

Construction

Oil & Gas

Marine & Shipping

# We We deals with

PIPES & FITTINGS

We supply eco friendly PVC, CPVC, HDPE, PPR, CI, SS pipes and it's fittings for drinking water, irrigation, drainage and electrical network projects in the kingdom.

SANITARY WARE

We deal in sanitary fixtures, committed to serve you best products from USA, Europe, Middle East and all over world to turn your concept into reality

FAUCETS & WASHROOM ACCESSORIES

We have a diverse selection of faucets and washroom accessories from international brands with finest quality to meet your needs

INDUSTRIAL WIRING SOLUTION

We offers full range wiring solutions to its customers with unmatched technical support and commercial benefits. Our product offerings are Cable Glands, Lugs, Conduits and fittings

ERECTION HARDWARE SOLUTION

We offers Erection Hardware to our clients. These Erection Hardware are used in number of applications like Earthing, Lightning, Wiring system etc

HVAC & Refrigeration

HVAC & Refrigeration is an important subject that deals with heating, ventilation, air conditioning, and cooling systems. It helps in maintaining comfortable temperature, proper air circulation, and humidity control in buildings, homes, offices, hospitals, and industries. Refrigeration is the process of removing heat from a space to keep it cool, mainly used in refrigerators, cold storage, and air conditioning systems. This subject mainly covers the working principles, components, installation, maintenance, and efficiency of cooling and ventilation systems.

# INDUSTRIAL GASES

# Power Tools & Hand Tools

Uncover high-caliber power tools including pliers, screwdrivers, crimping tools, multimeter, clamp meter, scissors, hammer drills, tile cutters, table saws, cordless drills, circular saws, angle grinders, and a variety of other tools, meticulously crafted for professional applications. Featuring well-known names like STANLEY, BOSCH, Makita, DEWALT, Total, others.

# Pipes & Fittings

We provide a comprehensive range of high-quality pipes and fittings. Our selection includes CPVC, PVC, UPVC, PPR, GI, EMT, pipes and flexible hoses. We also provide all kind fittings for pipes & hoses making us your o stop-shop for all your needs.

# Electrical Accessories

Discover through our range featuring a variety of products such as switches & sockets, industrial and domestic purpose cables, industrial fans, exhaust fans, insect killer, emergency light, exit sign lights, plug and sockets, PVC pipes and fittings, EMT pipes a fittings, flexible hose and fittings, liquid tig flexible and fittings, PVC and GI trunks, Ca tray, service boxes, EMT boxes, EMT pipe,

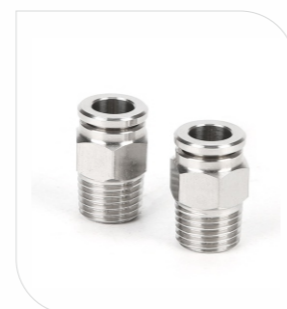

# HDPE pipe & Fittings

High-Density Polyethylene (HDPE) pipes and fittings are widely used for water supply, drainage, irrigation, and industrial applications due to their durability, flexibility, and corrosion resistance. They ensure leak-proof performance, long service life, and easy installation, making them a reliable choice for modern piping systems.

# Pneumatic & Hydraulic Fittings

Pneumatic and hydraulic fittings are essential components used to connect, control, and direct the flow of air or fluid in industrial systems. Designed for high performance and reliability, these fittings ensure secure connections, leak-proof operation, and efficient system functioning. They are widely used in automation, machinery, and heavy-duty applications.

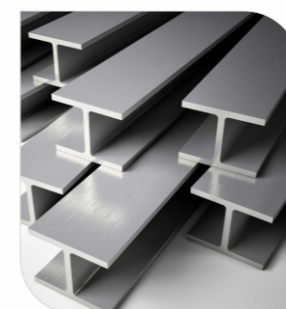

# Mechanical seal & bearings

Mechanical seals and bearings are critical components used in rotating equipment to ensure smooth operation and prevent leakage. They are designed for high precision, durability, and reliability under demanding conditions. Widely used in pumps, motors, and industrial machinery, these components enhance efficiency and extend equipment life.

# Structural steel

Structural steel is a versatile and high-strength material widely used in construction and engineering projects. It provides excellent load-bearing capacity, durability, and design flexibility, making it ideal for buildings, bridges, and industrial structures. Its precision manufacturing ensures stability, safety, and long-term performance.

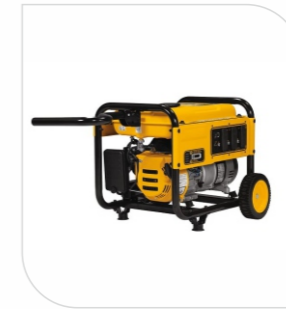

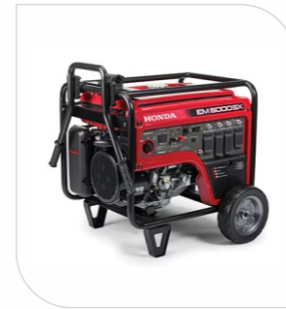

# All types of pumps & parts

We offer a wide range of pumps and pump components suitable for domestic, agricultural, and industrial applications. Our products are designed for high efficiency, durability, and reliable performance. From water transfer to heavy-duty fluid handling, our pumps ensure smooth operation and long service life with quality spare parts support.

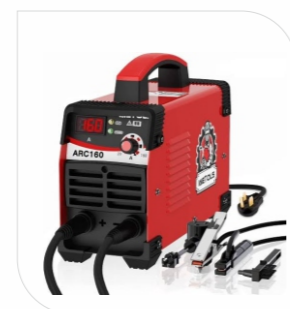

# Generators

Generators provide reliable backup power solutions for residential, commercial, and industrial needs. Designed for efficiency, durability, and consistent performance, they ensure uninterrupted power supply during outages. Suitable for various applications, our generators deliver dependable energy support with easy operation and maintenance.

# Welding Tools

Welding tools are essential for joining and fabricating metal components in construction, maintenance, and industrial applications. Designed for precision, safety, and durability, these tools ensure strong and reliable joints. Suitable for a wide range of welding processes, they support efficient and high-quality workmanship.

# Safety Materials

Our Safety & PPE selection offers a variety of safeguards against hazardous workplace situations like sharp objects, falling equipment, chemicals, and pollution, our safety supplies encompass a wide range of products, such as safety coveralls, goggles, helmets, shoes, masks, and various other protective gear.

# Paint, Tapes & Adhesives

We aim to simplify and speed up your work by carefully selecting essential tools such as paint, paintbrushes, rollers, refills, scrapers, spray-paints, all kinds of tapes, adhesives and more. We strive to provide you with the best tool available in allied brands to streamline you and help you work more efficiently.
